and much more!

All mobile devices, tablets, and eReaders require a free Adobe ID in order to activate and use the Freading app. If you do not have one, you will be prompted to create one when downloading Freading eBooks.

Reading Freading eBooks on a computer will require you to download and install Adobe Digital Editions, a free software. The link to download it can be found in Freading's FAQ section.

See detailed instructions. >>>>>

For more information and FAQ, visit:
krum.freading.com/questions/index

PC and Mac Computers:

- Go to krum.freading.com
- In the FAQ section of Freading, there is a link to download and install Adobe Digital Editions. This free software is required to read eBooks on your computer.
- Sign in to Freading with your library card number and PIN (the last four digits of the card number).
- Find the title you want to read. It can be downloaded or added to your wish list.
- Clicking the download eBook file will launch Adobe Digital Editions.
- In Adobe Digital Editions, you will be asked to authorize your computer. then you can start reading!

Apple iPad and iPhone:

- Download Freading from the App Store. The app is used to store and read books. You must use the Safari browser to download a Freading eBook.
- In the browser, log in to Freading.com with your library card. From here, you can pick the title you want to read and download.
- You will be asked where you want to download the file. Select the Freading app.
- After downloading, you will be able to read the book in the Freading app.

Android (Nook eReaders are not supported):

- Download and open the Freading app.
- Press the "grid" icon in the lower left hand corner to make a new group of menu icons appear.
- Press the "store" shopping cart icon to browse the library's Freading site.
- Download and enjoy.

Kindle Fire (other Kindle models are not supported):

- Please visit krum.freading.com/questions/index to learn how to get Freading eBooks on your Kindle Fire.

When using a mobile device, tablet, or eReader, you may be asked to "authorize" your device. This means you must login using your Adobe ID or create your free account when prompted.
